About

The Body Science Nutritions is a leading nutraceuticals manufacturer, providing health benefits beyond general nutrition. Our determination to offer best quality products with innovations, rapid execution and client services thus we operate on 3 different modules.

- Contract manufacturing
- Development of new formulas
- Matching international brand formula in taste and nutrition

To have a non compromising approach in quality aspects and to provide high nutritional value products and accompanying services for immediate delivery

To become quality driven global nutraceutical company with quality products and to serve the needy with affordable nutrition and help in bringing a healthy society.

Global Preference

Body science nutritions has established the market beyond boundaries for overseas business with sri lanka within a short period of time.

Manufacturing Unit

Our manufacturing unit is built up with area more than 7000sqft located at Chennai. We ensure key measures under quality (Q),cost(C), and delivery (D)- QCD to meet up all the determined specifications

Lab facilities

Enabled with (HPLC) high performance liquid chromatography method plays an important and critical role in qualitative and quantitative analysis. We ensure to detect the quality of our products by using the HPLC before allowing them to sell it in the global market.

- a) Metal detector
- b) In house QA/QC department
- c) all segments with HVAC system
- d) 5000 containers mfg. capacity per shift
- e) 25000 sachet mfg. capacity per shift.
- f) All are S.S equipment 306,316
